From \$60/hr

Service Offerings

Website Design

Standard Site

Standard Sites include 3-5 pages with limited animations, content, and features. Sites can include contact forms, services page, product images, and general information about your business. This plan is great for small business's in the service industry such as salons, photographers, contractors, etc.

From \$350

Advanced Site

Advanced Sites include 5-8 pages with more user animations, customized content, and curated features that influence your business. Sites can include online bookings for services, blog posts, business announcements /events. This plan is for businesses that need a website to open up their busy schedule by using online tools.

From \$600

Pro Site

Pro Sites include unlimited pages with endless options for design and content. Features include restaurant menus, e-comm store, reservations/bookings, site logins, and subscription services. This plan targets established businesses that will often rely on their website for success. This plan is great for restaurants, boutiques, venues, and more.

Starting at \$1500
